Apparaten

Instellingen

Via **Configuratie**(1) van de installatie, onder de sectie **Apparaten**(2) bij **Instellingen**(3) vind je de apparaten terug die deel uitmaken van je Jullix energieregeling. Als je nieuwe apparaten hebt gekoppeld aan je Jullix dan moet je die hier ook toevoegen aan je installatie.

The screenshot shows the Jullix configuration interface in a web browser. The left sidebar has a purple background and contains the following navigation items:

- Controle
- Laadpaal
- Slimme stekker
- Omvormer
- Apparaten** (highlighted with a red box)
- Instellingen (highlighted with a red box)
- Algemeen

The main content area has a white background and displays a table titled "Apparaten" (Devices). The table has columns for "Type", "Id", and "Naam". There are four rows of data:

Type	Id	Naam	Status	Actions
①	F4:12:fa:d8:dD:7B	Muon N32	Online via GW	⚙️ 🗑️ ⚙️
②	F4:12:fa:40:06:64	Jullix V2	Offline	⚙️ 🗑️ ⚙️
③	3C:E9:0E:77:2F:20	TV	Online via GW	⚙️ 🗑️ ⚙️
④	3C:E9:0E:77:60:F8	Boiler	Online via GW	⚙️ 🗑️ ⚙️

Below the table, there are two input fields: "Voeg apparaat toe" (Add device) with a dropdown menu labeled "Please select" and a "+" button, and "Claim apparaat" with fields for "MAC-ID" and "POP-code" and their own "+" buttons.
